# Our Course Models

## Offline Model

In the Offline Model, students will attend classes at our academy.

- Daily 2-hour classroom sessions
- Course duration: 30 Days
- Hands-on practical training
- Personal guidance from trainers
- Placement assistance and career support provided after course completion

This model is best for students who prefer face-to-face learning and direct interaction with trainers.

## Hybrid Model

The Hybrid Model combines online learning with practical offline training.

- Theory classes conducted online
- Practical sessions at our training partners near your location or city
- Barista practice kit provided for home practice
- Placement guidance and support included

This model is perfect for students who want flexibility along with real practical experience.

## Online Model

The Online Model is completely digital, so students can learn from anywhere.

- Full course conducted online
- No need to visit the academy
- Live and recorded training sessions
- Placement guidance and support through our app
- Flexible learning schedule

This model is ideal for students who want to learn from home or from any location.
